

Committee for Dulles Sustainable Infrastructure Webinar

February 25, 2021
10:30 AM – 12:30 PM

**Learn about the Metropolitan Washington Airports Authority's
2020 Sustainability Report presented by Roger M. Natsuhara.**

Roger M. Natsuhara joined the Metropolitan Washington Airports Authority in October 2014 and is the Senior Vice President of Engineering. In this position, Mr. Natsuhara is responsible for all planning, design, environmental planning, building permitting/code enforcement, construction and project controls for all real property controlled by the Airports Authority.

**Following Mr. Natsuhara's presentation, he will be joined by
technical experts for a panel discussion on sustainable infrastructure.**

Charles (Chuck) Miller serves as the Senior Director of Energy Services in Pennoni's Design-Build Group. Chuck has developed projects in multiple vertical markets including healthcare, higher education, industrial and commercial, agriculture, and federal. He most recently was tasked with deploying capital for the non-regulated energy division of Washington Gas where he developed more than \$150 million of projects over the course of the four years.

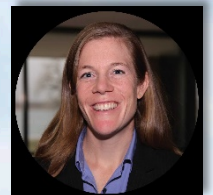

THE MODERATOR

Robert W. Lazaro, Jr. serves as the Executive Director of the Northern Virginia Regional Commission (NVRC). The Commission is a consortium of the 13 leading local governments in the region. He also currently serves on the Board of Directors of the Metropolitan Washington Airports Authority, the Board of Directors of the Local Energy Alliance Program, and the George Mason Research Foundation.

Lindsey Geiger, PE, ENV SP, LEED AP BD+C, is the Director of Education at the Institute for Sustainable Infrastructure. She oversees educational programming including the Envision Sustainability Professional credential, continuing education courses, and training for Envision Verifiers and ISI trainers. Ms. Geiger coordinates and ensures consistency across all educational materials, events, and policies.

Dr. Cris B. Liban, D.ENV, PE, serves as Chief Sustainability Officer at the Los Angeles County Metropolitan Transportation Authority (LA Metro). Dr. Liban is also the current Chair of the American Society of Civil Engineers' National Committee on Sustainability, and he conceptualized and co-founded the International Coalition on Sustainable Infrastructure that currently includes members from the Global Covenant of Mayors for Climate and Energy, Resilience Shift, Institution of Civil Engineers, WSP, and ASCE.
